Opening the market and ringing the bell, is a celebration of the Company’s successes to date.” He continued, “I would like to thank all of our shareholders for the continued support, and I look forward to a beneficial relationship moving forward.”

Osino Resources commenced trading on the TSX Venture Exchange on June 28, 2018 under the symbol “OSI”.

### About Osino Resources

Osino Resources Corp. (TSXV: OSI) is a Canadian company, focused on the acquisition and development of gold projects in Namibia. Osino’s Namibian interests comprise eighteen exclusive exploration licenses located within the central and northern zones of Namibia’s prospective Damara belt, mostly in proximity to and along strike of the producing Navachab and Otjikoto Gold Mines. Osino is currently focusing its efforts on developing the flagship Karibib Gold Project and defining new exploration targets in the Otjikoto East area and on our other licenses. The Karibib Gold Project is located approximately 130 km north-west of Namibia’s capital city Windhoek.

By virtue of their location, the projects benefit significantly from Namibia's well-established infrastructure with paved highways, railway, power and water in close proximity. Namibia is mining-friendly and lauded as one of the continent's most politically and socially stable jurisdictions. Osino continues to evaluate new ground with a view to expanding its Namibian portfolio.
