

## **OSINO RESOURCES TO PRESENT AT 30<sup>TH</sup> ANNUAL BMO GLOBAL METALS & MINING CONFERENCE**

Vancouver, British Columbia, February 25, 2021 – **Osino Resources Corp. (TSXV: OSI) (FSE: RSR1) (OTCQB: OSIF) ("Osino" or "the Company")**, is pleased to announce that management will be participating in the 30<sup>th</sup> annual BMO Global Metals & Mining Conference March 1 – 5, 2021.

Heye Daun, CEO of Osino will be presenting on Thursday, March 4<sup>th</sup> at 12:00pm ET. Members of management will also be participating in institutional investor meetings during the week.

The BMO Global Metals & Mining Conference is one of the sector's premier mining conferences and for the first time will be hosted digitally. This five-day invitation-only conference brings together mining industry leaders and institutional investors from around the globe. The conference is hosted by the BMO Capital Markets' Metals & Mining Equity Research team. For more information on the conference visit the [BMO website](#).

### **About Osino Resources**

Osino is a Canadian gold exploration company, focused on the acquisition and development of gold projects in Namibia. Having achieved our initial vision of finding Namibia's next significant gold deposit, we are now focused on rapidly advancing the exciting Twin Hills gold discovery and to make new discoveries elsewhere along the belt. This we will achieve with Osino's winning formula of combining innovation & drive with technical experience & strong financial backing.

Our portfolio of exclusive exploration licenses is located within Namibia's prospective Damara mineral belt, mostly in proximity to and along strike of the producing Navachab and Otjikoto Gold Mines. Osino is targeting gold mineralization that fits the broad orogenic gold model. We are actively advancing a range of gold discoveries, prospects and targets across our approximately 7,000km<sup>2</sup> ground position by utilizing a portfolio approach geared towards discovery.

Osino's focus in 2020 is on further advancing the Twin Hills and Goldkuppe discoveries within the developing Karibib Gold District, testing our Otjikoto East and Otjiwarongo targets and generating new ones on our remaining licenses. Our core projects are favorably located north and north-west of Namibia's capital city Windhoek. By virtue of their location, the projects benefit significantly from Namibia's well-established infrastructure with paved highways, railway, power and water in close proximity. Namibia is mining-friendly and lauded as one of the continent's most politically and socially stable jurisdictions. Osino continues to evaluate new ground with a view to expanding its Namibian portfolio.

**Cautionary Statement Regarding Forward-Looking Information**

*This press release contains "forward-looking information" within the meaning of applicable Canadian securities legislation. Forward-looking information includes, without limitation, statements regarding the use of proceeds from the Company's recently completed financings, and the future plans or prospects of the Company. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". Forward-looking statements are necessarily based upon a number of assumptions that, while considered reasonable by management, are inherently subject to business, market and economic risks, uncertainties and contingencies that may cause actual results, performance or achievements to be materially different from those expressed or implied by forward-looking statements. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking information. Other factors which could materially affect such forward-looking information are described in the risk factors in the Company's most recent annual management's discussion and analysis which is available on the Company's profile on SEDAR at [www.sedar.com](http://www.sedar.com). The Company does not undertake to update any forward-looking information, except in accordance with applicable securities laws.*

*Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this press release.*
