

OSINO RESOURCES FILES NI 43-101 TECHNICAL REPORT FOR MAIDEN MINERAL RESOURCE AT THE TWIN HILLS GOLD PROJECT, NAMIBIA

Vancouver, British Columbia, May 26, 2021 – **Osino Resources Corp. (TSXV:OSI) (FSE:RSR1) (OTCQB:OSIIF)** ("**Osino**" or "**the Company**") is pleased to announce that it has filed the technical report prepared in accordance with National Instrument 43-101 entitled, "Twin Hills Gold Project, Namibia, NI 43-101 Technical Report dated effective April 1, 2021" (the "Technical Report") further to its news release dated April 12, 2021 in which it announced the maiden mineral resource for its Twin Hills Gold Project in the Erongo Region of Namibia.

The maiden resource was released on April 12th, 2021 including 0.43Moz @ 1.00 g/t Au in the Indicated category and 1.47Moz at 1.08 g/t Au in the Inferred category at a cut-off grade of 0.5 g/t Au.

Heye Daun, Osino's President & CEO commented as follows: "*We are very pleased to have completed and published the Technical Report for our maiden mineral resource estimate at Twin Hills. The report outlines in detail how Osino was able to discover and delineate this exciting and growing project. As our ongoing infill & expansion drill results demonstrate, this project clearly has very significant upside potential, and we are excited to be fast-tracking it to the next level of economic assessment, project feasibility and beyond.*"

Please refer to our news release dated April 12, 2021 for more information and the Technical Report filed under the Company's SEDAR profile at www.sedar.com which provides comprehensive technical disclosure about our Twin Hills Gold Project and our maiden mineral resource.

Qualified Person's Statement

The mineral resource estimate was carried out by Mr. Anton Geldenhuys (MEng), a registered Professional Natural Scientist (SACNASP, membership number 400313/04) of CSA Global (Pty) Ltd., who is an independent Qualified Person (QP) as defined by *CIM Definition Standards - For Mineral Resources and Mineral Reserves* in accordance with NI 43-101. Mr. Geldenhuys is a geoscientist and qualified geologist and engineer and holds a BSc (Hons) Geology and MEng, and has over 20 years of relevant industry experience. Mr. Geldenhuys is a member in good standing of the South African Council for Natural Scientific Professions (SACNASP) and has sufficient experience relevant to the commodity, style of mineralization and activity which he is undertaking to qualify as a QP under NI 43-101. Mr. Geldenhuys has reviewed and approved the scientific and technical information in this news release.

About Osino Resources

Osino is a Canadian gold exploration and development company focused on the development of our Twin Hills gold discovery in central Namibia. The Twin Hills Gold Project is at an advanced stage of exploration with various advanced development studies underway with the aim of fast-tracking the project.

Osino has a large ground position of approximately 6,700km² located within Namibia's prospective Damara sedimentary mineral belt, mostly in proximity to and along strike of the producing Navachab and Otjikoto Gold Mines. The Company is actively advancing a range of gold prospects and targets along the belt by utilizing a portfolio approach geared towards discovery, targeting gold mineralization that fits the broad orogenic gold model.

Our core projects are favorably located north and north-west of Namibia's capital city Windhoek. By virtue of their location, the projects benefit significantly from Namibia's well-established infrastructure with paved highways, railway, power and water in close proximity. Namibia is mining-friendly and lauded as one of the continent's most politically and socially stable jurisdictions. Osino continues to evaluate new ground with a view to expanding our Namibian portfolio.

Cautionary Statement Regarding Forward-Looking Information

This press release contains "forward-looking information" within the meaning of applicable Canadian securities legislation. Forward-looking information includes, without limitation, statements regarding the use of proceeds from the Company's recently completed financings, and the future plans or prospects of the Company, including prospects for economic recoverability of mineral resources. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". Forward-looking statements are necessarily based upon a number of assumptions that, while considered reasonable by management, are inherently subject to business, market and economic risks, uncertainties and contingencies that may cause actual results, performance or achievements to be materially different from those expressed or implied by forward-looking statements. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking information. Other factors which could materially affect such forward-looking information are described in the risk factors in the Company's most recent annual management's discussion and analysis which is available on the Company's profile on SEDAR at www.sedar.com. The Company does not undertake to update any forward-looking information, except in accordance with applicable securities laws.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this press release.
